Functions of KMPDC

- Establish and maintain uniform norms and standards on the learning of medicine, dentistry and community oral health in Kenya;
- Approve and register medical and dental schools for training of medical, dental and community oral health practitioners;
- Prescribe the minimum educational entry requirements for persons wishing to be trained as medical, dental and community oral health practitioners;
- Maintain a record of medical, dental and community oral health students;
- Conduct internship qualifying examinations, preregistration examinations, and peer reviews as deemed appropriate by the Council;
- Inspect and accredit new and existing institutions for medical, dental and community oral health internship training in Kenya;
- License eligible medical, dental and community oral health interns;
- Determine and set a framework for professional practice of medical, dental and community oral health practitioners;
- Register and license eligible medical, dental and community oral health practitioners and specialists;
- Regulate the conduct of registered medical, dental and community oral health practitioners and take such disciplinary measures for any form of professional misconduct;
- Register and license health institutions;
- Carry out inspection of health institutions;
- Regulate health institutions and take disciplinary action for any form of misconduct by a health institution;
- Accredit continuous professional development providers;
- Issue certificate of status to medical, dental and community oral health practitioners, and health institutions; and
- Do all such other things necessary for the attainment of all or any part of its functions.
