11.7 Quality of CPD Content

11.7.1 The Board will randomly request for CPD content from CPD providers.

11.7.2 The Board will conduct random checks on CPD activities being undertaken.

11.7.3 The Board will appoint peer reviewers from different sub-specialties for purposes of reviewing CPD content.

11.8 Communication Strategy for CPD Activities and Feedback

Communication of CPD activities is essential in ensuring all stakeholders will be actively engaged by providing feedback on the impact of CPD on service delivery. The strategy will articulate, explain and promote vision and direction by the Board in relation to CPD as well as detailing a set of well-defined goals. It will also create a consistent, unified "voice" that links diverse activities and goals in a way that will appeal to partners or stakeholders. The Board shall maintain an accessible and updated database of providers' and practitioners' activities.
